

LOTTERY FUNDED

Lincoln Tri Club are pleased to announce that they have recently been awarded a grant through the National Lottery Funded "Awards for All" programme.

It has been awarded to club to assist in its current and future development plans; enabling the club to continue the fantastic work that has already started by the committee and, in particular, the clubs coaching team.

Lincoln Tri Club already offers regular weekly coached sessions for both adult and its new Junior section.

The Grant funding will be spent on much needed equipment to ensure that coaches can provide high quality sessions for both the club and members of the local community, who are looking to give the massively popular sport of triathlon an opportunity to help them improve their fitness and potentially, their way of life.

In addition to this, the club will also allocate a significant portion of the fund to the development of club coaches and the hire of venues for regular and ad-hoc coached sessions.

By allocating the money in this way the club will be able to provide existing and potential new coaches with the best training that is available; ensuring those that attending the sessions receive the highest quality of coaching.

Lincoln Tri club is open to all individuals in the community; which is demonstrated by the recent growth the club has achieved. As part of this growth plan the club has already been awarded the Disabled Inclusive Triathlon Club Status with British Triathlon and is currently in the final stages of working towards the nationally recognised Club and Star Mark status.

For further information about the club, its activities and contact details of how to get in touch please visit www.lincolntri.co.uk
